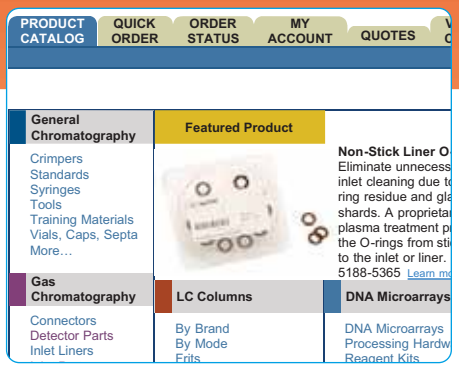
Agilent's Online Store

Fully stocked, always open and simple to use.

FREE SHIPPING!
for online orders

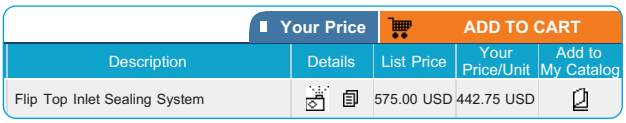
Agilent Technologies

Agilent's Online Store gives you instant, powerful access to our vast selection of top-quality instruments, columns, supplies, repair parts, accessories, software and services.



Prices Just for You

When you place an order, you get prices specific to your organization or company.



More of What You Want

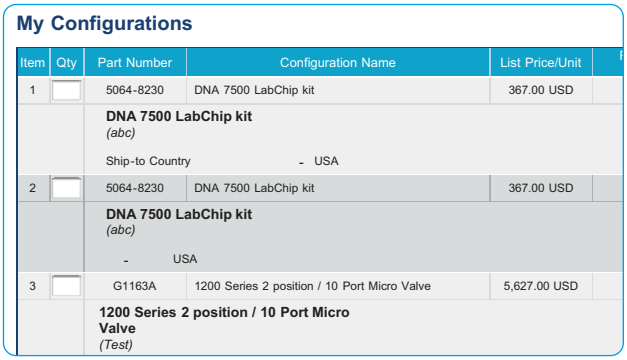
We're constantly adding new features to make your shopping experience faster, better and easier.

Highlights

- **Instant pricing and availability**
- **All the information you want,** with product details and product photos so you get exactly what you need.
- **Quick buy.** Really fast ordering if you already know the part number(s) of the products you need. Simply enter quantities and part numbers, and then click "Add to Cart."
- **Easy order status and shipment tracking** using your order number.
- **Efficient re-ordering.** Automatically keeps a record of your orders in "My Catalog." When you re-order an item, no need to look up the item and add it to your cart. Just click items from your personal catalog and go directly to checkout. You can view *all* your previous orders – not just those placed online.
- **"Saved Cart" feature** makes it easy to select products and save them until you're ready to purchase them.

Prices for Any Product Configuration

You can configure products to see pricing and availability, create a quote for purchase approval, or buy online. You can also retrieve any active quote and submit the order at your convenience.



Instant Feedback on Product Availability

See immediately when Agilent can ship your order to you.

Part Number	Description	Estimated Ship Date
5188-2717	Flip Top Inlet Sealing System	03-May-2006

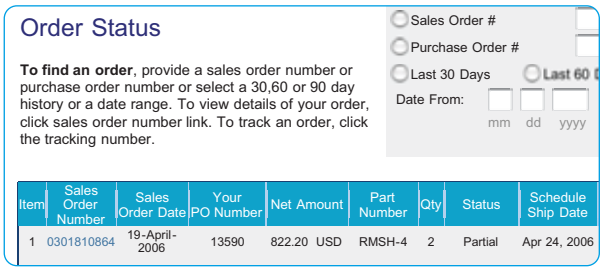
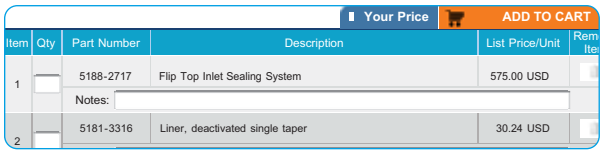
Status and Tracking of Any Order, Online or Otherwise

It's easy to check the status of an order, whether you placed the order with an Agilent sales representative, called Agilent, or ordered through our Online Store. Using your order number, you can track your order from our door to yours.



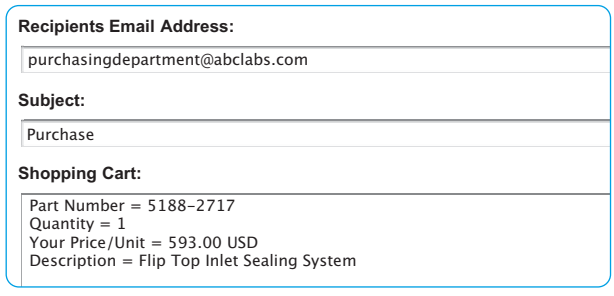
My Catalog

As you shop, you're creating a personal catalog of all items that you typically order. The next time you order, save considerable time by simply selecting the items that you want from your catalog.



Fast and Easy Purchase Approval from Your Company

After you fill your cart, you can e-mail a unique single-use ID to your purchasing agent or other authorized contact, who can then access your cart, make changes as needed, and place the order. We've made our Online Store adaptable to your company's purchasing policies and needs.



As a First-Time Buyer at the Online Store

Just register, then browse our store, view local list prices, add items to your shopping cart, and submit your order. If you know what you need, use Quick Buy and enter part numbers and quantities.

Or you can print out your selections and order through any Agilent sales office or Authorized Agilent Distributor.

Use Visa or MasterCard to pay for your Agilent purchases...for ultimate convenience.

When You Come Back

After your first order, just log in. You now have access to powerful, personalized features that make shopping convenient and that keep you informed about your orders.

Personalized Shopping

- Personal prices, even for single items
- Personal quotes for all your purchases
- Personal catalog of repeat purchases
- Personal history of all your purchases

Your shopping cart allows you to see your purchases as you shop, including quantities and part numbers.

FREE SHIPPING!

Fast Access to All Features

Safe, fast and easy ordering

Step-by-Step Guide to Online Ordering

www.agilent.com/chem/store

Your First Order

1. At www.agilent.com/chem/store, click the login link at the top of the page.
2. Register or enter your login name (if requested) and password.
3. Use Product Search to enter a part number or keyword, or browse categories. To add an item to your cart, enter a quantity then select **"Add to Cart."** Continue adding products, or hit **"Proceed to Checkout."** You also can use Quick Buy if you know the part numbers.
4. Provide your shipping and billing information and select shipping options. Click **"Proceed to Checkout."**
5. Review your order, agree to the terms and conditions, select your method of payment, and click **"Submit Order."** You can always change, remove, or add selections until you hit **"Submit Order."**

All Subsequent Orders

All Online Store features are now available to you.

1. Go to **www.agilent.com/chem/store**
2. Enter your login name and password.
3. Besides searching, browsing the online catalog, or using Quick Buy, you can take advantage of **"My Catalog"** for fast purchasing of commonly ordered products. To add an item to your cart, enter the quantity then select **"Add to Cart."**
4. Continue adding products, or hit **"Proceed to Checkout."**
5. Click **"Email Cart"** if you want us to send a unique, single-use ID to your purchasing agent or authorized contact to complete the order.
6. All of your shipping, billing, and payment information is already on record, to save you time. Select a shipping option and click **"Proceed to Checkout."**
7. Review your order, agree to the terms and conditions, select your method of payment, and click **"Submit Order."** You can always change, remove, or add selections until you hit **"Submit Order."** Or you can create a quote for purchase approval.
