

Hello.

Quick Start Guide

Welcome to your new MacBook Air. We'd like to show you around.

MagSafe 2 power connector

Multi-Touch trackpad

Let's get started

When you start your MacBook Air for the first time, Setup Assistant will help you get going. Just follow a few simple steps to quickly connect to your Wi-Fi network, transfer your stuff from another Mac or a PC, and create a user account for your Mac.

You'll also be able to log in with your Apple ID, so you can download apps from the App Store, shop the iTunes Store and the Apple Online Store, access iCloud, and make video calls with FaceTime. If you don't have an Apple ID, creating one is easy and free.

Let's get moving

It's easy to move files like documents, email, photos, music, and movies to your new Mac from another Mac or a PC. The first time you start your new Mac, it will walk you through the process step by step. All you have to do is follow the onscreen instructions.

Multi-Touch gestures

You can do a lot of things on your MacBook Air using simple gestures on the trackpad. Here are some of the most popular ones.

Click
Press down anywhere on the trackpad to click. Or, with Tap to Click enabled, simply tap the surface.

Double click
Press down two times anywhere on the trackpad. Or, with Tap to Click enabled, double-tap the surface.

Pinch to zoom
Zoom in and out of photos and web pages more precisely by pinching your thumb and finger.

Rotate
Turn your thumb and finger clockwise or counterclockwise to rotate an image.

Secondary click (right click)
Click with two fingers to open shortcut menus. Or, with Tap to Click enabled, tap two fingers anywhere.

Two-finger scroll
Brush two fingers along the trackpad to scroll in any direction—up, down, or sideways.

Switch between full-screen apps
Swipe with three fingers to move from one full-screen app to another.

Swipe to navigate
Swipe with two fingers to flip through web pages, documents, and more.

Smart zoom
Double-tap the trackpad with two fingers to quickly magnify a web page.

View Launchpad
Pinch with four fingers to view all your apps in Launchpad.

Learn more
Choose System Preferences from the Apple menu and click Trackpad to learn more about gestures.
