AppleCare Protection Plan for iPhone

Fact Sheet

Service and support from the people who know your iPhone best

Every iPhone comes with one year of repair coverage and 90 days of technical support. The AppleCare Protection Plan for iPhone extends your coverage to two years from the date of your iPhone purchase. Whether you use iPhone with a Mac or PC, just one phone call can help resolve most issues.

Coverage information

This comprehensive plan is available for all iPhone models within their one-year limited warranty. If you sell the covered iPhone before the AppleCare Protection Plan for iPhone expires, you may transfer the plan to the new owner. For each iPhone you want to cover, you must purchase a separate AppleCare Protection Plan for iPhone.

Keep your Proof of Coverage document, the original iPhone sales receipt, and the AppleCare Protection Plan for iPhone receipt. Apple may require proof of purchase if any questions arise about the eligibility of your iPhone for the AppleCare Protection Plan.

Technical support options

If you experience difficulties with your iPhone, try the troubleshooting steps on the iPhone Support website at www.asia.apple.com/support/iphone. If you're not able to resolve the issue, AppleCare representatives can help troubleshoot your iPhone and its connection with iTunes. Apple technical support contact information and hours of operation are listed in the Quick Reference Guide. Under the AppleCare Protection Plan for iPhone, Apple offers the same complete service for both Mac and Windows users.

Hardware service

This plan extends repair and replacement service from the Apple one-year warranty to two years from your iPhone purchase date. This plan also extends service coverage to the iPhone battery when its capacity to hold an electrical charge has depleted fifty percent (50%) or more from its original specification.

Either the carry-in or direct mail-in service option may apply when you obtain service. Refer to the *Quick Reference Guide* for additional details about obtaining service. The replacement equipment that Apple provides as part of the repair or replacement service may be new, used, or refurbished.

- This plan extends your service coverage to two years from the date of your iPhone purchase. The plan must be purchased
 while your iPhone is still under its original one-year warranty. Service coverage may be subject to certain restrictions.
 AppleCare Protection Plan benefits are in addition to any legal rights provided by consumer protection laws in your jurisdiction.

AppleCare Protection Plan for iPhone - Asia/Pacific

Terms and Conditions

Your AppleCare Protection Plan for iPhone (herein referred to as the "Plan") is governed by these Terms and Conditions and constitutes your contract with Apple as described in section 8 below. Subject to these Terms and Conditions, your Plan (i) covers defects for the Apple-branded iPhone product listed in your Plan's Certificate or Proof of Coverage document ("Plan Confirmation"), an Apple-branded iPhone Bluetooth headset if used with the covered iPhone and originally purchased by you within two (2) years from the purchase of the Plan and the hardware accessories that are contained in the covered iPhone's original packaging (collectively the "Covered Equipment"), and (ii) provides you with access to telephone support and web-based support resources for the Covered Equipment. To obtain the Plan Confirmation you must register your Plan's unique agreement or registration number ("Plan Agreement Number") as described in the instructions included in the Plan's packaging. Customers choosing the Auto-Registration option, where available, will automatically receive their Plan Confirmation. The duration of the Plan ("Coverage Period") is for the period ending on the date specified in your Plan Confirmation. The price of the Plan is listed on the Plan's original sales receipt. Apple may restrict service provided under this Plan to the Covered Equipment's original country of purchase.

1. Repair Coverage

a. Scope of Coverage. Your coverage for defects begins on the date your Covered Equipment's Apple hardware warranty expires and terminates at the end of the Coverage Period ("Repair Coverage Period"). Apple will, at its option, repair or replace the affected Covered Equipment, if (i) during the Repair Coverage Period there is a defect in the Covered Equipment's materials or workmanship or, (ii) during the Coverage Period, the capacity of the covered iPhone battery to hold an electrical charge has depleted fifty (50%) percent or more from its original specification, (after being fully charged and the covered iPhone playing audio or video with all settings reset). Apple will provide both parts and labor, but may require you to replace certain readily installable parts yourself, as described below. Apple may provide replacement

product or parts that are manufactured from parts that are new or equivalent to new in both performance and reliability. The replacement product or parts will be functionally equivalent to the replaced products or parts and will assume the remaining coverage under the Plan. The products or parts that are replaced become Apple's property. Apple strongly advises you to record as a back up, data and software residing or recorded in the Covered Equipment, before making the Covered Equipment available for service.

b. Limitations. The Plan does not cover:

- Installation, removal or disposal of the Covered Equipment, or installation, removal, repair, or maintenance of non-Covered Equipment (including accessories, attachments, or other devices) or network or cellular service external to the Covered Equipment;
- (ii) Damage to the Covered Equipment caused by accident, abuse, neglect, misuse (including faulty installation, repair or maintenance by anyone other than Apple or an Apple Authorized Service Provider), unauthorized modification, extreme environment (including extreme temperature or humidity), extreme physical or electrical stress or interference, fluctuation or surges of electrical power, lightning, static electricity, fire, acts of God or other external causes:
- (iii) Covered Equipment with a serial number that has been altered, defaced or removed;
- (iv) Problems caused by a device that is not the Covered Equipment, including equipment that is not Apple-branded, whether or not purchased at the same time as the Covered Equipment;
- Service necessary to comply with the regulations of any government body or agency arising after the date of this Plan;
- (vi) Problems caused by the function of a network or cellular service or viruses or other software problems introduced into the Covered Equipment;
- (vii) Covered Equipment that has been lost or stolen. This Plan only covers Covered Equipment that is returned to Apple in its entirety;
- (viii) Cosmetic damage to the Covered Equipment including but not limited to scratches, dents and broken plastic on ports;
- (ix) Preventative maintenance on the Covered Equipment;

- (x) The provision of replacement equipment during the period when the Covered Equipment is being serviced;
- (xi) Damage to, or loss of any software or data residing or recorded in the Covered Equipment. THE CONTENTS OF YOUR IPHONE WILL BE DELETED AND THE STORAGE MEDIA REFORMATTED IN THE COURSE OF SERVICE. Your iPhone or a replacement iPhone will be returned to you as your iPhone was configured when originally purchased, subject to applicable updates. Apple may install system software ("iPhone OS") updates as part of your service that will prevent the iPhone from reverting to an earlier version of the iPhone OS. Third party applications installed on the iPhone may not be compatible or work with the iPhone as a result of the iPhone OS update. You will be responsible for reinstalling all other software programs, data and passwords. Recovery and reinstallation of software programs and user data are not covered under this Plan;
- (xii) Defects caused by normal wear and tear or otherwise due to normal aging of the product;
- (xiii) Protective coatings designed to diminish over time unless failure has occurred due to a defect in materials or workmanship, or
- (xiv) Except as specifically provided herein, any other damages that do not arise from defects in materials and workmanship or ordinary and customary usage of the Covered Equipment.
- c. Service Options. Apple may provide service through one or more of the following options:
 - (i) Carry-in service. Return the Covered Equipment requiring service to an Apple-owned retail store location offering carry-in service. Service will be performed at the location, or the store may send the Covered Equipment to an Apple repair service location to be repaired. Once you are notified that service is complete, you will promptly retrieve the product.
 - (ii) Direct mail-in service. If Apple determines that your Covered Equipment is eligible for mail-in service, Apple will send you prepaid way bills (and if you no longer have the original packaging, Apple may send you packaging material) and you will ship the Covered Equipment to Apple's repair service location in accordance with its instructions. Once service is complete, the Apple repair service location will return the

- Covered Equipment to you. Apple will pay for shipping to and from your location if all instructions are followed
- (iii) Do-It-Yourself Parts service is available for many Covered Equipment parts or accessories, allowing you to service your own product. If Do-It-Yourself Parts service is available in the circumstances, the following process will apply.
 - (A) Do-It-Yourself Parts service where Apple requires return of the replaced part. Apple may require a credit card authorization as security for the retail price of the replacement part and applicable shipping costs. If you are unable to provide credit card authorization, Do-It-Yourself Parts service may not be available to you and Apple will offer alternative arrangements for service. Apple will ship you a replacement part with installation instructions and any requirements for the return of the replaced part. If you follow the instructions, Apple will cancel the credit card authorization, so you will not be charged for the part and shipping to and from your location. If you fail to return the replaced part as instructed or return a replaced part that is ineligible for service, Apple will charge the credit card for the authorized amount.
 - (B) Do-It-Yourself Parts service where Apple does not require return of the replaced part. Apple will ship you free of charge a replacement part accompanied by instructions on installation and any requirements for the disposal of the replaced part.
 - (C) Apple is not responsible for any labor costs you incur relating to Do-It-Yourself Parts service. Should you require further assistance, contact Apple at the toll-free telephone number listed in the AppleCare Quick Reference Guide ("Guide"). The Guide is included in the Plan's packaging.

Apple reserves the right to change the method by which Apple may provide repair or replacement service to you, and your Covered Equipment's eligibility to receive a particular method of service. Service options, parts availability and response times may vary.

d. Obtaining Repair or Replacement Service. To obtain service under this Plan, access the Apple website or call the toll-free telephone number listed in the Guide. Telephone numbers may vary according to your location. When accessing the website, follow the instructions for requesting repair service provided by Apple. All service is subject to Apple's prior approval. Location of service may vary due to your location. Keep your Plan Confirmation document and the original sales receipt for your Covered Equipment and your Plan. Proof of purchase may be required if there is any question as to your product's eligibility for Plan coverage.

2. Technical Support

Telephone and Web Support. Your eligibility for technical support begins on the date your Covered Equipment's complimentary technical support expires or the date your Coverage Period begins, whichever is later, and terminates at the end of the Coverage Period ("Technical Coverage Period"). During the Technical Coverage Period Apple will provide you with access to telephone technical support and web-based technical support resources. Technical support may include assistance with installation, launch, configuration, troubleshooting, and recovery (except for data recovery), including storing, retrieving, and managing files; interpreting system error messages; and determining when hardware repairs are required. Apple will provide technical support for the Covered Equipment, iPhone OS. software applications that are pre-installed with the Covered Equipment ("iPhone Software") and connectivity issues between the Covered Equipment and a supported computer. meaning a computer that meets the Covered Equipment's connectivity specifications and runs an operating system that is supported by the Covered Equipment. Apple will provide support for the then-current version of the iPhone OS and iPhone Software, and the prior Major Release, but reserves the right to change the support it provides on any previous versions at any time. For purposes of this section, "Major Release" means a significant version of software that is commercially released by Apple in a release number format such as "1.0" or "2.0" and which is not in beta or pre-release form.

b. Limitations. The Plan does not cover:

- (i) Issues that could be resolved by upgrading software to the then current version;

- (v) Apple software other than the iPhone OS or iPhone Software, as covered under the Plan;
- (vi) iPhone OS software or any Apple-branded software designated as "beta", "prerelease," or "preview" or similarly labeled software; and
- (vii) Damage to, or loss of any software or data residing or recorded in the Covered Equipment.
- c. Obtaining Technical Support. You may obtain technical support by calling the toll-free telephone number listed below. The Apple technical support representative will provide you technical support. Apple's hours of service are described below. Apple reserves the right to change its hours of technical service and telephone numbers at any time. Web-based support resources are offered to you at the Apple website (www.apple.com/support).

FOR CONSUMERS IN JURISDICTIONS WHO HAVE THE BENEFIT OF CONSUMER PROTECTION LAWS OR REGULATIONS, THE BENEFITS CONFERRED BY THIS PLAN ARE IN ADDITION TO ALL RIGHTS AND REMEDIES PROVIDED UNDER SUCH LAWS AND REGULATIONS. TO THE EXTENT THAT LIABILITY UNDER SUCH LAWS AND REGULATIONS MAY BE LIMITED, APPLE'S LIABILITY IS LIMITED, AT ITS SOLE OPTION, TO REPLACE OR REPAIR OF THE COVERED EQUIPMENT OR SUPPLY OF THE SERVICE. 1. 维修涵盖范围

a. 涵盖范围。对问题产品的服务计划涵盖期自涵盖设备的 Apple 硬件保修期到期之日起开始生效,至涵盖期终止之日失效(简称"维修涵盖期")。苹果将自行选择维修或更换受影响的涵盖设备,如果(i) 在维修涵盖期内,涵盖设备有材料或工艺上的瑕疵,或者(ii) 在涵盖期内,所涵盖iPhone 的电池的蓄电能力相比原始规格降低了50%甚至更多(完全充电后,涵盖iPhone 在还原所有设置后播放音频或视频时)。苹果将为您提供零部件和人力资源,但可能要求您自己更换下述某些您可以即时安装的零部件,苹果可能会提供由新的零部件、或在性能和可靠性上与新零部件相当的零部件制造的更换产品或零部件。更换的产品或部件和被更换的产品或部件在功能上是一致的,并享有计划书中剩余的涵盖期。被更换的产品或零部件将归苹果所有。苹果极力建议您在准备将涵盖设备送交服务时,将涵盖设备中存储或录入的数据和软件予以记录备份。

b. 限制。本计划不涵盖以下内容:
